

## Labeling Tree and Shrub Seed in Colorado

35-27-105. Every container of seed which is sold, offered or exposed for sale, bartered, or distributed within this state for propagation shall conspicuously bear a legible and plainly written or printed label or tag in English which shall provide all information required by the commissioner. A label shall not bear false or misleading information.

Registration is required to *label and sell* seed in any quantity and to *sell* seed labeled by others in packaged quantities larger than 1 pound or in bulk

### LABEL REQUIREMENTS FOR TREE AND SHRUB SEEDS

COMMON NAME:	SCIENTIFIC NAME:	LOT NO.:	ORIGIN:
PURITY AS A PERCENTAGE OF PURE SEED BY WEIGHT:	PERCENTAGE GERMINATION:	PERCENTAGE DORMANT OR HARD SEED IF PRESENT:	
THE CALENDAR MONTH AND YEAR TEST WAS COMPLETED TO DETERMINE SUCH PERCENTAGES:		LABELER NAME AND ADDRESS:	

- Common name of the species of the seed and the scientific name including the genus, species and subspecies (if appropriate).
  - Other crop seed, weed seed, and noxious weed seed if present.
- State or Country in which seed originated (grown and collected or harvested).
- Month and year the seed was tested. Date may not exceed 13 months.
- Name and address of labeler.

#### OTHER LABEL REQUIREMENTS

'Treated' means the seed has received an application of a substance or has been subjected to a procedure for which a claim is made. The name of the substance applied and the words "DO NOT USE FOR FOOD, FEED OR OIL PURPOSES" must be included in the labeling for the seed. If substance is poisonous, skull and cross bones symbol must also be included per product label.

#### PROHIBITED ACTS

- It is a civil violation for any person to sell, offer or expose for sale, barter or distribute any seed within this state if such seed contains:
  - More than 2% weed seed by weight
  - Prohibited noxious weed seed
  - More restricted noxious weed seed per pound than the amount declared on the label
  - More restricted noxious weed seed than the amount allowed by standards listed in part 7.2 of the Seed Act Rules and Regulations.

#### RECORDS REQUIRED

- The initial labeler must keep a representative file sample for each seed lot for two years.
- Sales must be recorded on invoices that include lot number, name, kind and variety, amount of seed sold, name and address of buyer and seller.
- Copy of seed label
- The test information from which the labeling information was derived.
